### Family Office – Tax Manager

Our client, a very successful multi-generational Family Office near West Los Angeles, has retained us to bring them a Tax Manager. This newly created position is due to the growth of the Family Office and their investments and philanthropic activities. This person will join the Tax Director and Senior Tax Manager we also brought to the company several years ago. The Family Office supports the business entities and their owners, including a variety of partnerships, joint ventures, corporations, trusts, and non-profits. The investments are primarily in the real estate sector and include properties across the country. The Family Office has a growing accounting department that includes accountants, AP specialists, and billing/AR.

## **Tax Manager for a very successful privately held manufacturing and distribution company in Los Angeles.**

This newly created position reports directly to the Senior Manager of Tax we also brought to the company! The company offers a strong compensation and benefits package for this key member of the Tax Team. The responsibilities include, among other projects, managing federal and state and local income tax compliance prepared by third-party consultants, preparing or reviewing year-end income tax provision, and collaborating with third-party consultants for ad-hoc tax consulting, M&A transactions, and tax planning initiatives.

### **Timeless Quote to Consider:**

**“A superior who works on his or her own development sets an almost irresistible example”.**
