H5 DATA CENTERS

1. Assistant Controller – Construction & Development for H5 Data Centers in Beverly Hills (HYBRID). H5 Data Centers is a leading privately owned data center operator that provides the critical infrastructure powering today's digital economy. This key role will support the company's continued growth and investment across its national portfolio. Reporting directly to the Controller, this position oversees the accounting and financial administration of construction and development projects. The opportunity offers a highly competitive compensation package, including a strong base salary, discretionary bonus, excellent benefits, daily catered lunches, and a flexible hybrid work environment.

Founded in 2010 and headquartered in Beverly Hills, H5 Data Centers has become one of the nation's premier privately owned data center operators, known for its stability, strategic growth, and commitment to delivering reliable, scalable solutions for a rapidly expanding digital marketplace.

H5 DATA CENTERS

2. Construction Accounting Manager for H5 Data Centers in Beverly Hills (HYRBID). Over the past decade, H5 has expanded through a combination of strategic acquisitions, disciplined investment, and operational excellence, building a national footprint that today spans more than 4 million square feet of data center space across numerous U.S. markets. The company provides wholesale data center, colocation, interconnection, and edge infrastructure solutions to a diverse customer base that includes Fortune 500 companies, cloud providers, telecommunications carriers, content delivery networks, and enterprise organizations. H5 plays a critical role in the infrastructure that powers today's connected world. The Construction Accounting Manager is responsible for managing project-level accounting, job costing, and financial reporting for construction activities. This role requires a strong understanding of both accounting principles and construction operations, with the ability to independently manage project financials

3. Tax Manager for a globally recognized manufacturing and distribution company with operations across multiple markets (HYBRID). Working closely with the Tax Director, this high-impact leadership role offers exceptional visibility and the opportunity to influence key tax initiatives within a recognized leader in its industry. The organization provides an attractive compensation package featuring a competitive base salary, discretionary bonus, and a hybrid schedule that allows employees to work remotely two days per week. The company is located in Los Angeles County. The Tax Manager will serve as a critical member of the tax team, overseeing compliance, tax reporting, and planning efforts across multiple jurisdictions. This individual will help drive tax strategy, ensure compliance with domestic and international tax requirements, and proactively identify opportunities to strengthen processes, minimize risk, and optimize the company's overall tax position.

Timeless Quote to Consider:

***"Enjoy the little things, for one day you may look back and realize they were the big things."* ~ Robert Brault, American writer**
